## Lawmakers may remove permits for concealed carry in Louisiana; see all “Gun Day” bills

A House committee advanced legislation Tuesday that would remove the permits — and training that goes with it — required for carrying concealed weapons. Then it approved a bill that would forbid state and local authorities to enforce future federal rules that would “chill” gun ownership in Louisiana.

Tuesday was “Gun Day” in the House Committee on the Administration of Criminal Justice. Under the watchful eye of proponents of expanding gun rights, wearing red t-shirts, who packed the hearing room, representatives debated nine bills concerning the Second Amendment rights to bear arms.
